

"Building bridges between people and cultures through inspiring, quality education"

Dear Friends of UWC Mostar,

As the vibrant colors of fall transition into the cooler days of November, we find ourselves reflecting on gratitude and growth. This month not only brings with it the anticipation of the upcoming holiday season but also serves as a moment to pause and celebrate the many achievements of our students and staff.

From academic milestones to extracurricular triumphs, November is a time to recognize dedication, resilience, and the joy of learning.

In this edition, you'll find highlights of recent events, important dates to remember, and stories showcasing the creativity and commitment that make our school community unique. We hope this newsletter fills you with the same pride we feel every day in witnessing our collective efforts.

Thank you for your continued support and engagement.

Cooperations and activities

UWC Mostar Board Meetings

We had the pleasure of extending a warm welcome to the members of our College Board. Our staff and students were happy to showcase the inspiring work happening here every day, and we shared insights into our programs, classrooms, and community spirit. This [annual visit](#) is always an opportunity to see firsthand the impact of the support and guidance on our school's success and to meet some of the exceptional individuals who make our school a special place.

Continued cooperation with Gimnazija Mostar

Cooperation with our friends, students and colleagues from Gimnazija Mostar is one of the most important and longstanding cooperations since the establishment of UWC Mostar. This November our librarians continued this cooperation through organization of a wonderful event for literature and book lovers. [More](#)

Center for Professional Development of Teachers

Professional development workshops for teachers from BiH are organized by UWC Mostar's CPDT and the call is open to all secondary schools in Bosnia and Herzegovina.

Each school nominates several teachers of History and Mathematics who will participate in the program. Workshops on the subject of Mathematics will focus on the topic "Monitoring and evaluation of student achievements" and the subject of History will focus on the topic of "History through the eyes of an ordinary person - contribution to the teaching of social history".

[Applications are open until November 21st.](#)

UWC Mostar - a bright example of good practices and contributions to the local community

The American Chamber of Commerce in BiH (AmCham BiH) organized a presentation in Mostar focusing on socially responsible activities aimed at supporting vulnerable categories of society. UWC Mostar participated as an example of good practices and contribution to the local community.

Culture Weeks at UWC Mostar

Ibero-American culture encompasses the rich and diverse traditions, customs, languages, and histories of countries in Latin America, Spain, and Portugal. Rooted in the Iberian Peninsula's heritage and influenced by Indigenous, African, and other European cultures, it represents a vibrant and multifaceted region and of course it is a big part of [UWC Mostar](#). We enjoyed our Ibero-

American Culture Night in Pavarotti Music Center in Mostar - a wonderful event presenting vibrant history, tradition, music, dancing and a merge of all the wonderful characteristics of this region

Events and Cooperations

Physics Time

UWC Mostar Physics Labs welcomed little kindergarten visitors from "Dječiji vrtići Mostar". This visit was one in a series of activities involving the subjects Physics, Chemistry and Biology, where children will be able to explore chemical reactions and the biology of living organisms. The little ones will have the opportunity to learn through play and practical experiments, which will further enrich their knowledge and understanding of natural sciences.
